

# The Green House

The Green House gets you off the bustle of Caxton Street and into our take on industrial chic. And it's got 99 bottles of beer on the wall (you can count them if you like). This highly versatile space can be booked as a whole or arranged into semi-private spaces in a variety of layouts for groups of 10 and up to 55. With easy access to the main bar and your own music selection. You'll wish you had a back deck like this at home.
